REPORT OF LIBRARY TRUSTEES

During the past year 59 new books have been purchased and of these 40 were fiction. The library now contains about 2850 volumes, of which about 1640 are fiction. The same magazines have been provided for the reading room as last year.

The library building will need painting this coming year and there will be some minor interior repairs. The estimated expense of this work is included in the last item of our budget.

The expenses for the past year were as follows.

Salary of Librarian	\$100.00
New Books	127.46
Magazines	11.50
Lighting	15.57
Repairs and Miscellaneous	39.49
	\$294.02

We estimate the expenses for the coming year as follows:

Salary of Librarian	\$125.00
New Books	175.00
Magazines	25.00
Fuel and Lighting	75.00
Repairs and Miscellaneous	200.00
	\$600.00

We recommend that this amount of \$600.00 be appropriated.

EDWARD M. SMITH,
 FRED L. DOW,
 MARGARET B. SEAVEY,
 Library Trustees.

REPORT OF THE SUPERINTENDENT

To the School Board of North Hampton:

I hereby submit to you my second annual report as superintendent of the public schools.

The most noticeable feature of the year has been the complete change of the regular teachers. Two of our teachers resigned to be married and the other two resigned and accepted positions in Rhode Island and New York State.

We have endeavored to select as your teachers, young women of character, intelligence and training. We are pleased to note evidences of a better understanding between the parents and the teachers, and I am confident that this will produce better results educationally.

Believing that our pupils should have school rooms that are well-ventilated, well-heated, well-lighted, sanitary, and a pleasure to the eye, we have endeavored to improve our school-rooms in these respects.

Our rooms are fairly well ventilated, though the windows have to be used for this purpose. Care and thought on the part of the teachers and janitors can make this a fairly satisfactory method.

The lighting of our schoolrooms is comparatively satisfactory. The fact that two of our schoolrooms have only south windows renders it difficult to admit sufficient light on sunny days without allowing direct sunlight on the pupils' desks.

The heating of our schoolhouses leaves little to be desired, although the jacketed stove at the Little River school is inclined to give off too much heat rather than too little.

As a School Board you have done your part in making our schoolrooms attractive to the eye, by paint and kalsomine during the summer vacation.

The condition of the toilets and the dust on the floors have left much to be desired in the way of making

the sanitary conditions of our schools acceptable. After much effort I am glad to report these conditions as improved, and bidding fair to become satisfactory. The well from which the children obtain their drinking water has been thoroughly cleaned out and the water tested and found safe for use.

With a view to strengthening the pupils' knowledge of the fundamental branches, French has been dropped from the curriculum of the Junior High School.

A new and thoroughly modern method of teaching reading has been introduced into the first grade.

Convinced that it is preferable that first-grade pupils attend two short sessions each day rather than one long session, these pupils are required to attend both the forenoon and afternoon sessions but are dismissed early from each session.

As of assistance in the promotion of the pupils and as a guide in knowing the quality of work to be expected of each of the pupils, an intelligence examination was again given to grades five to eight.

The issuing of the monthly bulletins and the attendance bulletins, has been continued.

The serving of a hot lunch at noon in the Centre school is proving very acceptable to many of the parents.

I am pleased to report that the Parent-Teacher association is helping in many ways to make our work in the schools more effective. Among other things they have repaired the playground apparatus and purchased new tables for the lunch room.

I desire to renew my recommendations of a school nurse and of a dental clinic. The cost of these would be very small and the value of the results would be great.

I desire to thank you as members of the School Board and the citizens in general for your co-operation.

Respectfully submitted,

CHARLES N. PERKINS, Supt.
